“ *What do you say when a person you love so much for so many reasons is no longer with us in body but will always be in your heart. She meant so much to me in so many ways and I loved her so very much. Will never forget all the good times we had together even when we would be working. She taught me so much and we had so many laughs together. She was just a family member and a dear friend!! Rest my buddy and you will always live in my heart. Diane*
