“ *Memories are special moments shared with those that we love. Memories last forever and never die. How good to know that the memories of our dead loved ones will forever be a part of our lives. When we are lonely we can think of the many ways that they made each day special. How good to know that our loving heavenly father has promised that every memory is special to him and that one day we will be able to make special memories again. Malachi3:16 Yes our dead loved ones will live again by means of the resurrection. John5:28-29 Do not let your hearts be troubled. Believe in the promises of God and find inner comfort and peace.*
