

Ward Hull

April 16, 1946 - November 26, 2020

Ward Hull Jr. Loving father, husband, friend, and decorated officer. Ward Hull was born to Ward Hull and Nina Hollins(Hull) in Chicago Illinois on April 16th of 1946. He attended and graduated from Inglewood High School in Chicago Illinois. Ward moved on to Southern Illinois University to pursue his education and athletic prowess in football. His college career was cut short by his call to duty as a marine recon for the Vietnam War. Blessed by God he returned a decorated and celebrated veteran for his deeds during war. He then continued to serve his country and fellow man becoming an officer of the law for Chicago's Police Department all while satisfying his love for football playing semi pro in Illinois. Retiring after over 30 years of service as an officer of the law, loving husband and father and good friend to all whom were blessed enough to share any personal time with him. He passed on the morning of Thanksgiving 2020. My father's life was too eventful to be summed up, but all who knew him well could describe him by his nickname. An expression of energy, vibrance, and optimism. "Wahoo!" You are truly loved and will be terribly missed.
